POEM

Life is like a garden, each day a budding flower
Unfolding at the dawning, to close at sunset hour.

Life is like a garden, with a bit of sun and rain
Helping it to grow, and strength and beauty gain.

Life is like a garden where we may sow the seeds
Of happiness and contentment, by care and constant deed.

Life is like a garden, rich and fertile as the sod,
Where we may reap our blessings
With the help of love.

BLESSING

We trust that beyond absence there is presence.

That beyond the pain there can be healing.

That beyond the brokenness there can be wholeness.

That beyond anger there may be acceptance.

That beyond the hurting there may be forgiveness.

That beyond the silence there may be the word.

That beyond the word there may be understanding.

That through understanding there is peace.
