POEM

Equinox

read by Cristina

The first day of Spring is the best day of the year.

There is no other calendar day that is such

A cast-iron, sure-fire cert to raise the spirits.

Christmas and birthdays pale into anticlimactic insignificance.

It doesn't matter what the weather is like or what actually happens,

The gift of an extra hour's light at the

End of the day is a prize beyond price.

Today stands like a see-saw in the calendar,

Balanced exactly on the fulcrum of night and day,

And then tomorrow gently tips towards the light,

Spilling the days down into sunshine.
